

Farmergirl (T+M: Dimi)

1.Verse Wherever U search U will find
 Why do U pretend that U are blind
 U might find her behind a tree
 U have to take a look beyond the sea

Chorus Little Farmergirl please cry for me
 Oh would U cry and see form e
 Let´s sit in a boat out on the sea
 Just the Farmergirl and me

2.Verse Wherever U go it´s always the same
 Some girls suck `cause they are insane
 But the Farmergirls know how to role
 And for sure they can play with your ball

Chorus s.o.

3.Verse It´s the Farmergils who forefill wishes
 After the blowjob they will do the dishes
 And is if that would not be my fill
 They will be a strength whenever I´m ill

Chorus s.o.
