

# Glorious day (T+M: Dimi)

- 1.Verse I look through the window and I'm surprised  
The rain stopped falling and the weather is fine  
We grab our boards we are ready to go  
We jump in the wagon with the thongs our feet  
My smile gets bigger we arrive at the beach  
The surf is up oh what a glorious day
- Bridge 1 The bunnies are sweet as wine  
Getting funky in the hot sunshine  
And I know the funkiest one will be mine tonight  
But right now there is no time for that  
Even if that little pussycat  
Would offer me everything she has
- Chorus I don't fucking care what they say  
I do it my own way  
And I know that this is a glorious day
- 2.Verse We run to the water let's start the show  
Our hearts they pump as we get in the flow  
And nothing in the world can bother us  
I don't care if U shout out loud  
That they call me Mr. Superwipeout  
The one who has the fun is the best
- Bridge 2 The bunnies still sweet as wine  
Getting funky in the hot sunshine  
And I know the funkiest one will be mine tonight  
So I take my chance take her out and dance  
Slab her arse wish it never ends  
I know that this will be a glorious night
- Chorus s.o. 2x
- 3.Verse like 1.Verse
