

# One way street (T+M: Dimi)

Chorus I'm stranded in a one-way-street  
Wish I could stand on my two feet  
Still drifting in that thing what we call life  
I don't know how to pay the rent  
Ask me where the money went  
I pissed it away on newyearsday

1.Verse When I look into the mirror  
and I put on my best smile  
Still miss my tooth already for some while  
The dentist was in shock  
When I opened my big mouth  
Not a chance the tooth had to come out

Chorus s.o.

2.Verse My boss said I'm a wanker  
when I came in late again  
I quitted the job but that was not the plan  
Now I got lots of time  
I'm boarding everyday  
For sure a new job's gonna come my way

Chorus s.o. 2x
